***“You educate a man; you educate a man.
You educate a woman; you educate a generation”***

The Women Empowerment Cell (WEC) of Visvodaya Government Degree College, Venkatagiri is established to empower girl students and women staff to realize their potential and power in socio-economic and political spheres of life which results not only in Women Empowerment but also in the holistic development of the nation.

Aim: Eradicate barriers, Sensitize minds

- ❖ Women Empowerment Cell strives to maintain the gender-neutral atmosphere of the college.
- ❖ The cell encourages the girls to come forward to talk about women-related issues and tries to sensitize the youth about gender reality as the goal to emancipate and empower women.
- ❖ It also provides a platform for girls and women to share their experiences and views regarding their status in the society and to suggest ways to improve and empower themselves.

- 
- This cell creates a feel that our college campus is a heaven and second home to them.
 - Focus of the cell is to eliminate the discrimination and all forms of violence against women and girl child in the society.
 - The WEC functions arduously to enhance their status and thereby empower them through guest lectures, seminars, workshops, various awareness programmes and other welfare activities.
 - WEC will step forward with specific objectives and plan of action by focusing quality activities for the well being of girls students.

Objective of WEC

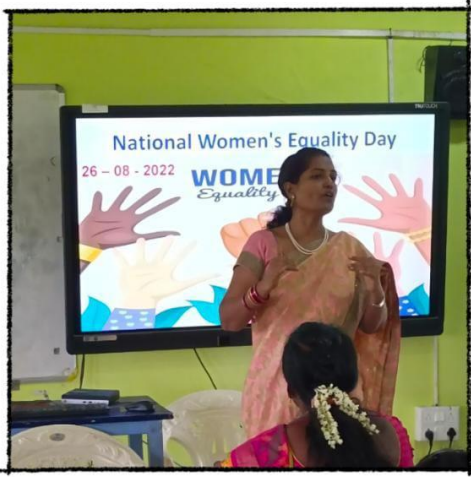

- ✓ To promote a culture of respect and quality for female genders.
- ✓ To create a conducive counseling environment for the female gender to share their problems.
- ✓ To create awareness of their rights given by the constitution and Acts of Law
- ✓ To conduct programs with a motive to train girls students about self-defense, health benefits, and skill development
- ✓ To bridge the gap between students and teachers by maintaining a cordial relationship between them, so that girl students can open up freely to share their personal problems.
- ✓ To provide a stress-free working atmosphere by identifying and fixing responsibility on the

- ✓ concerned persons for ensuring equal treatment of and participation by women in all areas.
- ✓ To specially strengthen women scavengers and lower cadre workers of the institution by educating them in the best possible way, with the motive of making their lives better.
- ✓ To conduct guest lectures, seminars, and workshops to impart knowledge of opportunities and tools available and train the women.
- ✓ To inculcate entrepreneurial attitudes among young girls, and scientists at the earliest so that they can be “job givers rather than job takers.”

GENDER SENSITIVE FACILITIES

A) Safety and Security

Though the institution is a co-education one, gender-related issues are very minimal. Every measure is taken by the institution to provide safety and security on campus. Even then, in anticipation of any such gender-related issues, the college has constituted various committees such as the Anti-ragging cell, Grievance and redressal cell, and Women empowerment cell. As preventive measures, the women empowerment cell of the college organizes sensitization programs on gender sensitivity. Ragging in any form is strictly prohibited both inside and outside the campus. In this connection, the local police personnel are invited to sensitize on the consequences of ragging and sexual harassment.

B) Counselling

The class teachers themselves act as counsellors who interact with the students on a regular basis and counsel both boys and girls on gender equality. Every year an awareness program on health and hygiene is organized by inviting local government women doctors exclusively for girls' students.

C) Common Room

The college has established a common room known girls' waiting room with the required facilities..
